WE SPECIALIZE IN CONCRETE REPAIR

Products Providing Solutions

RepairCrete Solutions are made possible by our incredible products

Driveway Repair

Slurry Overlay

Our Slurry Overlay is a concrete overlay for existing concrete areas such as: pool decks, patios, sidewalks, driveways, etc. The Slurry provides a waterproof coating that can enhance the look and value of your existing dull or discolored concrete at an affordable price. This product withstands vehicular traffic, is low maintenance, affordable, durable, and the #1 product utilized in Utah's harsh environments.

Garage Floors

Decks

Patch and Repair

Our Patch and Repair Products do a great and seamless job of fixing your unsightly cracks, chips and spalled areas. These incredible products are utilized on practically every job, and make the rest of the products look great.

Patios/Pool Decks

Waterproofing

Stamp Overlay

Epoxy System

Our Epoxy System provides a durable, high build, high gloss seamless flooring with excellent chemical resistance. The epoxy systems are ideal for warehouses, industrial floors, showrooms, commercial kitchens, and garage floors.

Paint Chip Epoxy

Flatwork

Decorative and Deck Systems

Our Decorative and Deck Systems provide a durable, high quality, waterproof product. These products were designed to give the look of real stone or brick at a fraction of the cost. This product is different from the competitors in that there is some actual depth and character to the designs and products. These are ideal for patios, pool decks, or any other area you would like to have a little more decorative.
